## 18" x 6" Rectangular Stainless Steel Drop-In Pan with Match Light Kit (Natural Gas)

Who can resist a nice, big, outdoor fire? Add some close friends and/or family to the mix and you've got a night to remember! Some people think setting up such a fire in their fire pit will be a daunting task, but that's simply not true. Now your customers can easily organize their own DIY fire display with our 18" x 6" rectangular drop-in pan with match light kit (natural gas). Our match light kit offers a quick and simple method to help your customers create an amazing fire display in their outdoor fire pit.

Our 18" x 6" rectangular drop-in pan with match light kit (natural gas) comes fully equipped with all the following components:

**18" x 6" Rectangular Drop-in Burner Pan w/ Built-in H-Burner** - Our 18" x 6" rectangular drop-in burner pan comes with a convenient 'lip' so that it can be installed into a fire pit and easily removed after use. These burner pans greatly reduce the amount of fire glass your customers will need to fill their fire pit by creating a false bottom which gives the illusion that the fire pit is full, whereas only the top part of it is. All our rectangular drop-in burner pans are made of 100% stainless steel, which means they are very durable and can withstand extreme heat as well as harsh weather without sustaining any damage or rusting. Each comes with a built-in H-burner and drilled weep holes to prevent water accumulation.

**34" Quiet-Flex Gas Line** - with safety shut-off valve and required fittings
