## 24" x 8" Rectangular Oil Rubbed Bronze Stainless Steel Drop-In Pan with Spark Ignition Kit (Natural Gas)

A warm, cozy fire pit can be an ideal outdoor retreat for family and friends, especially during those cold winter months. Our 24" x 8" rectangular drop-in burner pan with spark ignition kit (natural gas) is just what your customers will need to organize such an event. With just the flip of a switch, your customers and their guests will be enjoying a brilliant flame and lots of memorable conversations!

Enjoy the deep and rich texture of Oil Rubbed Bronze while softly complimenting any outdoor decor theme.

The beautiful finish starts with a proprietary coating process that is then hand sanded and finished by our artisans. Because each piece is hand-finished, the depth of color and texture will vary; each piece is truly a work of art.

Like any other American fire glass collection, all items in the Oil Rubbed Bronze collection are made from high-quality stainless steel. Fire Pit Pan Covers are made to compliment and protect their matching drop-in pan units. We strongly recommend that you consider protecting your fire feature investment with our beautiful new Oil Rubbed Bronze Fire Pit Pan Cover.

Our 24" x 8" rectangular oil rubbed bronze drop-in pan with spark ignition kit (natural gas) comes fully equipped with all the following components:

**24" x 8" Rectangular Oil Rubbed Bronze Drop-in Burner Pan with Built-in H-Burner** - Our 24" x 8" rectangular drop-in burner pan comes with a convenient 'lip' so that it can be installed into a fire pit and easily removed after use. These burner pans greatly reduce the amount of fire glass your customers will need to fill their fire pit by creating a false bottom which gives the illusion that the fire pit is full, whereas only the top part of it is. All our rectangular drop-in burner pans are made of 100% stainless steel, which means they are very durable and can withstand extreme heat as well as

harsh weather without sustaining any damage or rusting. Each comes with a built-in H-burner and drilled weep holes to prevent water accumulation.

**A Push Button Spark ignitor** - battery included and ignites with the push of a button

**Fire Pit Connection Accessories** - including gas hose (5' and 5'), chrome key valve with key.

**Optional Accessory** - [Push Button Ignitor Mounting Plate](#) for mounting your key valve and your push-button for the spark ignitor.
