36"x 6" Linear Channel Oil Rubbed Bronze Drop-In Pan with Spark Ignition Kit - Propane

A warm, cozy fire pit can be an ideal outdoor retreat for family and friends, especially during those cold winter months. Our 36" x 6" linear channel drop-in burner pan with spark ignition kit (propane) is just what your customers will need to organize such an event. With just the flip of a switch, your customers and their guests will be enjoying a brilliant flame and lots of memorable conversations!

Enjoy the deep and rich texture of Oil Rubbed Bronze while softly complimenting any outdoor decor theme.

The beautiful finish starts with a proprietary coating process that is then hand sanded and finished by our artisans. Because each piece is hand finished, the depth of color and texture will vary; each piece is truly a work of art.

Like any other American fire glass collection, all items in the Oil Rubbed Bronze collection are made from high quality stainless steel. Fire Pit Pan Covers are made to compliment and protect their matching drop-in pan units. We strongly recommend that you consider protecting your fire feature investment with our beautiful new Oil Rubbed Bronze Fire Pit Pan Cover.

Our 36"x 6" Linear Channel Oil Rubbed Bronze Drop-In Pan with Spark Ignition Kit - Propane comes fully equipped with all the following components:

36" x 6" Linear Channel Oil Rubbed Bronze Drop-in Burner Pan w/ Built-in T-Burner - Our 36" x 6" linear drop-in burner pan comes with a convenient 'lip' so it can be installed into your DIY fire pit and easily removed after use. These burner pans greatly reduce the amount of fire glass your customers will need to fill their fire pit by creating a false bottom which gives the illusion that the fire pit is full, whereas only the top part of it is. All our linear drop-in burner pans are made of 304 stainless steel, which means they are very durable and can withstand extreme heat as well as harsh

weather without sustaining any damage or rust. Each comes with a built-in T-burner, 1/2 inch gas inlet and drilled weep holes to prevent water accumulation.

A Push Button Spark ignitor - battery included and ignites with the push of a button

Fire Pit Connection Accessories - including gas hose (4' and 5') regulator, chrome key valve with key, air-mixer.

Optional Accessory - [Push Button Ignitor Mounting Plate](#) for mounting your key valve and your push button for the spark ignitor.
