### 1/2" Glacier Ice Fire Beads

When its summer outside and the heat becomes unbearable, everyone starts looking for something cool. Now, imagine finding a glacier in your backyard during a hot summer day... What a welcome relief! Well, with our glacier ice fire beads, your customers and their guests can experience some much deserved coolness just about any day of the year!

Reminiscent of round, smooth pieces of pure ice, our glacier ice fire beads bring some coolness to the eyes and comfort to the mind. Perfect for both indoor fireplaces and outdoor fire pits, these delightful glass beads will look dazzling in just about any color decor. Your customers may use them alone, or mix them with other bright shades of fire beads or fire glass for a completely new look. When the fire feature is finally lit, all onlookers will be treated to a magical display of bright yellow flames dancing on shimmering ice-like glass crystals... What a sight!

#### A Practical Alternative to Ceramic Logs & Stones

Our glacier ice fire beads aren't just gorgeous to behold, but also very practical. They do a great job of covering the entire floor of a fire feature, effectively hiding the pipes and tubes that are often visible in gas fire pits and fireplaces. This makes fire beads a much more desirable alternative to the more commonly seen ceramic logs and fire stones.

#### Extremely Durable, Safe & Long Lasting!

All our fire beads are made of high quality glass that has undergone a unique 5-step manufacturing process which gives the beads their terrific shine and also allows them to withstand harsh weather and temperatures of up to 1300 degrees Fahrenheit without sustaining any damage or discoloration. Our tempered fire glass is not tumbled which ensures an enhanced shine. Our tempered fire glass is not tumbled which ensures an enhanced shine. Use correctly, these amazing beads could last your customers a lifetime!

Another great advantage of fire beads is that they do not emit any harmful chemicals, smoke, ash, or soot. This means they hardly require any cleaning and are very easy to maintain!

If your customers want to spread some coolness this summer, introduce them to our glacier ice fire beads!

## 1/2" Glacier Ice Fire Beads Specifications

**Material:** Color-infused tempered, not tumbled, fire glass engineered to perfection

**Color:** Glacier Ice

**Use:** In fire bowls, fire pits, and fireplaces

**Size:** 1/2 inch thick

**Heat Rating:** Higher temperature when compared to logs, lava rocks, stones, etc.
